

Press Release

CBS IT Systems Cyprus event, "Lenovo Smarter Infrastructure Solutions," was successfully completed.

Nicosia, 30/06/2023

CBS IT, in collaboration with Lenovo, **successfully organized** the "**Lenovo Smarter Infrastructure Solutions**" event on Thursday, June 29th, at the renowned Pinolo restaurant in Nicosia.

The event was opened by **Mr. Evangelos Evangelou**, Deputy Country Manager of CBS IT, who discussed CBS IT's expertise in specialized technological solutions, **including High-Performance Computing (HPC) and Data Center infrastructure**, by implementation of such projects in both the private and public sectors. Notably, he mentioned the implemented installations of Lenovo equipment by CBS IT at esteemed institutions such as The **Cyprus Institute, C.A.S. Cyprus at Cyprus Post Office, Cyprus Cancer Research Institute (CCRI), and the Digital Security Authority (DSA)**.

Then, **Mr. Kosmas Kitsos, Lenovo's HyperConverged sales representative**, took to the stage and presented the new specialized technology solutions for Data Centers, as well as other infrastructure, Lenovo products and services.

CBS IT, as a Lenovo Platinum Partner, is sealing its expertise in all product categories (Servers, Storage, High-Performance computing), setting high goals for complex projects in the private and public sector, making it the **most suitable partner for businesses that wish to achieve digital transformation**.
